Overview

Emlyn, a Senior Digital Forensic Analyst for IntaForensics. Prior to joining IntaForensics Emlyn has worked as a Forensic Analyst at two Forensics Company based in the Midlands, implementing procedures and policies, undertaking a range of case work and was actively involved in the development of other staff.

Before commercial employment Emlyn studied at the University of Bradford, where he received a Masters degree in Forensic Computing. In the three years preceding this Emlyn studied at the University of Hull where he achieved a Bachelor of Science with honours in Computer Science.

Emlyn has over 8 years of experience in the operation, architecture and development of computer systems. This includes many different operating platforms and equipment. Emlyn is currently CTC Cleared. Emlyn has been trained to intermediate level in the use of EnCase forensic software (Guidance Software, 2006) and has Applied Decryption Training (AccessData, 2006).
