# Hawkins | Marine

Leaders in forensic investigation

## When Things Go Wrong at Sea...

Providing forensic engineering, investigation and expert witness services for incidents relating to all aspects of the shipping and marine industries.

# Service Types

Our team of forensic scientists and engineers can advise, investigate and assist at any stage of a marine incident, as well as provide ongoing support and guidance for the future.

We support our clients throughout the investigation process, including travelling at short notice.

## PRE-FAILURE RISK MANAGEMENT

Guidance on design, installation, and regulations to ensure safety, compliance, and risk reduction.

## ROOT CAUSE ANALYSIS

Scientific investigation into all aspects of an incident to determine what happened, why and in what sequence.

## EXPERT WITNESS SERVICES

Independent and impartial technical advice to assist Counsel during all aspects of litigation.

## POST-FAILURE ADVICE

Consultancy advice to reduce, mitigate and prevent risks associated with similar events happening in the future.

## MAJOR & COMPLEX LOSS

Global resources and multidisciplinary teams, armed with the knowledge, equipment and facilities to manage and investigate major and complex incidents.

## We Investigate...

the following types of incidents (live or desktop) on behalf of P&I, law firms, brokers, loss adjusters and private clients:

- Cargo Spoilage / Contamination
- Cargo Tank and Hold Cleaning
- Contamination and Corrosion
- Crane and Gantry Collapses
- Engine Room Fires
- Hull Damage & Machinery Failures
- IMSBC and IMDG Cargo
- Marine Coating Failures
- Mis-declared Cargo
- Onboard Fire Incidents
- ROB/OBQ Inspections
- Ship/Shore Cargo Sampling
- Vessel Operations / Ship Management
- Wire Rope Failures
- Yacht Fires and Engineering Failures
