Expert **Medico Legal Spinal Expert** bringing 40 years of expertise in the Medico Legal Industry. Effectively manages assignments. Dedicated to self-development to provide expectation-exceeding service. Completed the Bond Solent course in Civil and continue to educate myself in medico legal matters by attending online Bond Solent short on line courses, IDF seminars, MPS seminars, and more recently the quarterly regional on line meeting which attracts 40-50-spinal surgeons from all over the UK and now from other parts of the world.

EXPERIENCE

August 2002 to Current

Consultant Spinal Surgeon *Ross Medico legal*, Manchester, Cheshire

- Prepared range of written communications, documents and reports.
- Produce high quality reports for personal injury cases
- Prepare high quality reports for medical negligence cases.
- Specialise in cases in which a spinal expert is required.
- Director of Ross Medico Legal
- Frequently asked to produce reports where previous reports have failed to give concise, reasoned answers to issues specifically on the injuries sustained and prognosis.
- 80% Claimant reports
- Growing demand for Defendant reports
- 5% negligence cases

EDUCATION

2002

MD Spinal Mechanics

St Andrews University, St Andrews, FIF

1976

FRCS Surgery

Royal College of surgeons of Edinburgh, Edinburgh, EDH

• MD

- Dissertation in Stiffness a key mechanical factor in normal, degenerate and artificial discs.

1971

MBChB Medicine

University of St Andrews, St. Andrews

I became a Consultant Orthopaedic Surgeon in 1984. Since then I have specialised in a number of branches of Orthopaedic surgery finally becoming a dedicated spinal surgeon in 1992. I started medico-legal reporting in 1985 but ceased in 1990 to concentrate on clinical work and research. I recommenced this work in 2002. I have Court training and now only appear perhaps once a year, since most of the reports I produce appear to allow settlement out of Court. I hold indemnity cover with MPS, hold membership of the MDU, am certified by the GMC(1323605), am enhanced DBS certified and ICO approved.
