

Upon confirmation of acceptance of my terms, I am currently able to offer an examination appointment, if required within 4 weeks (however, I am based in Guernsey, Channel Islands). I very much prefer to receive all relevant medical and dental records prior to any examination, and certainly before I commence writing a report.

**Provided there are no further records whose absence becomes apparent, my report should be available within 4 weeks of the examination. An initial advice in the absence of a clinical examination should be available within 2-3 weeks of receipt of formal instructions and appropriate records etc.**

**My charges are based on £195 per hour, for desk-based work, including preparation of report, reading and summarising relevant records, verifying appropriate references from the literature to support the report and all other associated matters. Additional questions and correspondence £250 per hour at 6-minute increments. Clinical examinations are charged at £250 per hour. The secretarial time in typing the report is charged at £15 per hour. Missed examination and late cancellation of appointments, with less than 72 hours notice, are charged in full.**

**The total fee naturally therefore depends on the complexity of the report, the amount of records in connection with the report and the complexity of the issues involved.**

**Usual report fee £550-1250**

**Further work incurred following preparation of the report, such as written answers to questions posed by the defendant's solicitors and conference with Counsel are also charged at the above rates. Day-rate for court is £1750. Travel is charged at £75 per hour plus expenses/costs. Accommodation costs, where necessary, are charged at direct cost.**

**My terms are strictly payment upon rendition of the report, or of any subsequent fee note following additional work, after which, if an account remains unpaid, interest may be added at the current reference Bank of England base rate + 8% on the outstanding amount, in accordance with the Late Payment of Commercial Debts (Interest) Act.**
